

## Capital Fund Drive

give · receive · help · heal · promise

Thanks to all who have turned in a pledge card. We have received 33 pledges so far. If you need a pledge card, they are available on the little table in front of the church office or contact Curt Crouch. Please put your name on your card when turning it in.

The Capital Fund committee met again on Sunday, July 13<sup>th</sup>. The following update came from the property committee; boiler installation continues and is nearly complete. We had a camera sent through the Mears Street drain; it is intact and has been flushed clean. The property committee has started the process of obtaining three bids for some vent work and roof repair. The new boiler requires less venting than our old boiler, therefore we are able to remove a considerable amount of old venting on the roof that we believe is causing some of our leak problems.

Below are the current numbers through Sunday, July 13<sup>th</sup>.

2014 Pledges: \$19,700.00

2015 Pledges: \$15,130.00

Total Pledges: \$34,830.00

2014 Monies received: \$20,060.31

Capital Fund expenses through June: \$1,392.24

We will continue to use this space to update you on our progress each month. Thank you for your support.
